NEW RATE FOR THE COST OF A TTOC

For many discretionary leaves in the collective agreement under Article G.28, such as Personal Business or Family Illness, teachers are charged an average TTOC cost for the day that is currently \$356.50 per day. This rate was set for January 1, 2020. The Board and the NVTa have been in discussions to adjust this rate to reflect the increasing costs of TTOCs and to ensure that this rate is cost neutral for the district.

After reviewing data for TTOC costs since the last rate change, the NVTa and Board have agreed on a new average TTOC cost of \$456.00 starting January 1, 2025. Teachers that take one of these leaves and whose daily rate is less than this amount, will be deducted only their daily rate.

If you have any questions, please call the NVTa Office at 604.988.3224.
